INDEX
to volume 27
jan-dec 1999

The 1999 Annual Index lists articles by regular department, author, and subject. One- or two-letter codes after articles in the author and subject sections indicate the article type:

CL: Clinical Review
CM: Commentary
CR: Case Report
CT: Clinical Techniques
EM: Emergencies
EN: Editor's Notes
EQ: ECG Quiz
EX: Exercise Adviser
F: Feature
IQ: Imaging Quiz
L: Listing
NB: News Briefs
PA: Patient Adviser
R: Research
XM: Exercise Is Medicine

department

Clinical Techniques
Making an ulnar gutter splint for a boxer's fracture, Jan, p 111
Acute elbow dislocation: on-site treatment, Feb, p 121
Subacromial space injection: pain reliever, diagnostic tool, Apr, p 119; (letter) Aug, p 22
Chronic exertional compartment syndrome: gauging pressure, May, p 101
Applying the Munster cast: optimal motion control for scaphoid fractures, Jun, p 114
Dorsal dislocations of the MCP joint: assessment and closed reduction, Jul, p 75
Using patellofemoral braces for anterior knee pain, Aug, p 81
Plantar fascia injection, Sep, p 101
Prescribing functional braces for knee instability, Oct 1, p 117

Editor's Notes
Kids and sports: fly balls or butterflies?, Jan, p 5
Work-site workouts: why wait?, Feb, p 5
Musculoskeletal medicine: how to strengthen training, Mar, p 5; (letter) Jun, p 8
Sports medicine: the defensible 'alternative', Apr, p 5; (letter) Aug, p 79
Supplements: modern miracles?, May, p 3
Balancing sport risk and health benefits, Jun, p 3
Welcome, new editors! Strengthening the journal, serving the readers, Jul, p 6
The smell of success? You go, girl!, Aug, p 7
Medical education: the on-line revolution, Sep, p 5
Sports medicine: a focus on health, Oct 1, p 7
Rejuvenating patients—one step at a time, Oct 15, p 3
Our readers as leaders, Nov, p 5
'Acceptable risk' vs danger, Dec, p 7

Exercise Adviser
Delayed-onset muscle soreness: work out now, pay later?, Jan, p 107; (letter) Apr, p 114
Correcting overpronation: help for faulty foot mechanics, May, p 95
Tai chi chuan: a slow dance for health, Jun, p 109
Toning the upper arms, Sep, p 91
How to buy athletic shoes, Nov, p 133

News Briefs
New team doc group combines educational, business goals, Jan, p 19
High school association declines national PPE form, Jan, p 25
Body piercing and sports: an opening for trouble?, Feb, p 27
Will COX-2 inhibitors change pain management?, Feb, p 34
Med school graduates weak in musculoskeletal knowledge, Mar, p 15
IOC conference produces plan for anti-doping agency, Mar, p 21
Lyme disease vaccination: who needs it? how effective?, Apr, p 15
News from the AAOS annual meeting, Apr, p 23
NBA team physicians cope with lockout fallout, Apr, p 27
New findings reported on biking and impotence, May, p 21
Anabolic steroids may help restore muscle in HIV patients, Jun, p 15
Lung injuries in contact sports: diagnosis and management tips, Jun, p 21
Beginners should use care with Tae Bo and other kick-boxing workouts, Jun, p 28
Homocysteine and heart disease: a culprit, or just a suspect?, Jul, p 13
News from the ACSM annual meeting, Jul, p 16
Study raises doubts about claims for 'andro,' Aug, p 15
Washington forums address women's sports medicine issues, Aug, p 19
Getting to the heart of the softer-baseball debate, Sep, p 19
Training programs may lower women's ACL injury risk, Oct 1, p 15
Athletic field surfaces: new products, old questions, Oct 1, p 24
New drugs should help fight influenza this winter, Nov, p 15
Can school PE make fitter kids?, Dec, p 23
